

Conservatorium Hotel – Duty Engineer

Duty Engineer

Are you ready to advance your career and expand your technical expertise? At the Conservatorium Hotel, we are currently looking for a dedicated Duty Engineer to join our close-knit team. Here, you will find a supportive environment where your contributions are valued, and your growth is a priority.

What will be your role?

As our Engineer, you will resolve technical failures, replace faulty parts and perform complete technical inspections within the hotel. You will directly help hotel guests, addressing their technical concerns promptly and ensuring their comfort. Additionally, you will troubleshoot plumbing problems, repair kitchen equipment, manage various installations, and maintain lighting systems. You will support ongoing renovation efforts, collaborating with third-party companies for major repairs and conducting preventive maintenance throughout the hotel.

What do we offer you?

- A salary in scale VI of the ;
- Multiple additional benefits, such as supplemented staff meals, uniform/laundry service, ticket raffles and a 50% contribution to your pension fund;
- Travel allowance of €0,21 per kilometer for distances of 5 kilometers or more;
- Complimentary stays and discounts at different hotels;
- F&B Discount Card – discounts at restaurants at high-end hotels in Amsterdam;
- Discounted collective health insurance and weekly yoga sessions with our personal trainers;
- An inspiring work environment where we focus on work-life balance and continuous development through coaching and training. During your time with us we will support you in every new step of your career!

What will your 5 star luxury working environment look like?

Joining our Engineering department means working in a supportive environment that empowers and appreciates its team members. Professional and personal growth is key, while also ensuring a balance between work and life. The engineering team consists of skilled carpenters, painters and maintenance engineers. As a duty engineer you will work in various 8-hours shifts and report directly to the Engineering Manager.

Our building, over 100 years old, offers exclusive spaces for the engineering team, revealing a fascinating behind-the-scenes world beyond guest rooms and public areas. As a small team, we ensure the hotel maintains its pristine appearance, making it look as luxurious and inviting as the day it opened. Our tasks are diverse—one moment you are working on the pool, the next you are renovating a complete guest room.

Who are we looking for?

Our ideal Engineer is a skilled and reliable colleague, who enjoys working in a close-knit team within a vibrant luxury hotel. Furthermore, you have/are:

- 2-3 years of work experience in a similar role (preferably in hotels);
- Fundamental knowledge of electrical installations and plumbing;
- Ability to work independent and learn on the job;

- A good level of English;
- Flexibility to work shifts during both days and evenings, on weekdays and weekends.

Are we your next destination?

Apply through this website and let us know why you are interested! We look forward to seeing your application. For any questions, reach out to us via +31 (0)20-570 0043.

Please ensure eligibility to work in the Netherlands and secure housing in Amsterdam prior to applying. Due to high application volume, we will respond only to candidates meeting these criteria. By applying for this vacancy, you consent to the collection, processing, and storage of your personal data for the purpose of recruitment and selection. Your information will be used solely for assessing your suitability for the position and will be kept confidential. If you wish to withdraw your consent or request the deletion of your data at any time, please contact hr@conservatoriumhotel.com.
